

Green/Combo EXIT/Emergency Universal Mount LED Thermoplastic Unit

LTEL004G

Properties

Electrical

- Dual voltage input 120/277 VAC, 60 Hz
- Line-latching
- Brownout circuit
- Low voltage disconnect
- Overload/short circuit Protection
- Test switch/power connector facilitates Installation

Battery

- Maintenance-free sealed long-life nickel cadmium, 9.6V/1Ah.
- Full recharge time: 24 hrs (Max.)

Lamp Data

- AC LED: Long-life LED lamps provide uniform diffused illumination
- DC: LED DC lamps (Brighter in emergency mode)
Heads DC: 9.6V, 1.3W lamps
